

## TAFT FULSOME IN ROOSEVELT'S PRAISE

Candidate for President Declares Executive's Foreign Policy Is Nearly Perfect.

CONCORD, N. H., Feb. 18.—A crowd of 300 persons gathered at the station here today to greet Secretary Taft, who arrived for a few hours' visit to the capital. At the Statehouse, later, Mr. Taft was received by Gov. Floyd. A more extensive reception followed at the Eagle hotel. Lunch was taken with the recently formed Taft association of New Hampshire, at which members of that organization were present.

Secretary Taft said the Republican party is the party of expansion and world influence. "For the time we are an Asiatic power," said he. "We cannot remain isolated, and it is our business to see that our world influence is good."

At this point, for the first time in his speech, Mr. Taft mentioned the name of President Roosevelt. "No man ever has made so much for rightness and peace among the nations as has Theodore Roosevelt," he said, and a storm of applause broke forth.

Further applause greeted his statement of the policy of the National Republic, which he said was the policy of the President in his foreign policy. With reference to the Pacific voyage of the fleet, Mr. Taft said:

"With the Orientals it is necessary to fill the measure of the eye in order to be convincing. It is no one's business where that fleet is going." This sentiment pleased the audience greatly.

PUTTING U. S. SALARIES ON A BUSINESS BASIS

WASHINGTON, Feb. 18.—President Roosevelt has transmitted to Congress the report of the committee on grades and salaries, which was organized June 11, 1907, to prepare a clear and equitable basis for the salaries of the executive departments and establishments. In its report the committee says that two general rules have been observed, namely, to give more adequate compensation to the men who furnish direct service to the government, and to give special or technical knowledge, and to provide for the administrative and executive functions of the government.

Johnson BELIEVES HE HAS NOW SAID ENOUGH

ST. PAUL, Feb. 18.—F. A. Day, private secretary to Governor Johnson, received a telegram today from Congressman F. H. Stevens, at Washington, saying that the friends of Governor Johnson would be in Washington and if the Governor would accept the honor of a complimentary non-partisan dinner, Johnson did not make known his intentions in the matter.

After the telegram had been given out Governor Johnson was asked when he would make public the statement that he has been reported to make relative to his proposed candidacy for the nomination for President at the Democratic national convention. Governor Johnson said that the statement would not be forthcoming this week nor next week and it was quite likely that he would not issue one at all.

"I believe I am on record on that subject," he said, "in statements that I believe I have heretofore made, and they voice my sentiments today."

BACKACHE or any other ache or pain is instantly relieved by

**Sloan's Liniment**

You do not need to rub. Just put it on—it penetrates and kills the pain. Good for Rheumatism, Neuralgia, Sciatica, Lumbago, Pleurisy, Stiff Neck, Toothache, and Frostbites.

## DOCTOR'S ALL AGREE THIS TIME.

The most eminent writers on *Materia Medica*, whose works are consulted as authorities and guides in prescribing by physicians of all the different schools of practice, extol, in the most positive terms, the curative virtues of each and every ingredient entering into Dr. Pierce's Golden Medical Discovery. In fact it is the only medicine, put up for sale through druggists for the cure of all diseases of the mucous surfaces, as nasal catarrh, throat, laryngeal, and bronchial affections attended by lingering, or hang-on-coughs that has any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not work miracles. It will not cure consumption in its advanced stages. No medicine will. Nor is the "Discovery" so good for an sudden attack of acute cough, but for the lingering, obstinate, hang-on-coughs, accompanying croup, throat, laryngeal and bronchial affections, it is a most efficacious remedy. In cases accompanied with wasting of flesh, night-sweats, weak stomach and poor digestion with faulty assimilation, and which, if neglected or badly treated are apt to lead to consumption, the "Discovery" has proven wonderfully successful in effecting cures.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, whether of the nose, throat, larynx, or bronchi, or of the stomach, bowels, or bladder. Even in its ulcerative stages it will yield to this sovereign remedy. It is the only medicine that cures Catarrh of the Nasal Passages. It is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, poor breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, bitter or sour "risings" in throat, or eating and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot breads and greasy, greasy cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to it until you are vigorous and strong.

Poor impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood. In the cure of scrofulous swellings, enlarged glands, open sores, or ulcers, or of the skin, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply the "Golden Medical Discovery" as a blood-cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Balm" in stock, you can easily procure it by enclosing fifty-four cents in postal stamps to Dr. R. V. Pierce, 603 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness, and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has

## REASONS WHY GRAND ARMY SHOULD HOLD ENCAMPMENT HERE

Editor of The Tribune.—I am glad to see the move in relation to securing the national encampment of the Grand Army for 1909, for this city, and I beg to suggest a few points which no doubt be carefully considered by the Commercial Club board in their meeting on the proposition next week, as I cannot be present owing to the necessity of being out of the city, but knowing the immense good it will do this city and State to have that greatest convention of all meet here, I will state my opinion in a few lines. I learned during my visit to the encampment at Saratoga last fall.

First, I will say I received a letter last evening from the department commander of the Grand Army of Missouri, telling me that the State of Missouri had not only refused to designate a site for the encampment at Washington in 1909, but that it stands a good show of getting the encampment.

Missouri is one of the heavy Grand Army States. Now the fact is, the money for the encampment is not nearly raised. The location has not been designated; the statue has not been contracted for, and as it is to be great and costly, it will not only be very costly, but great care and preparation will be taken to make it a dedication in the next few years it will surprise some of us Grand Army comrades.

The encampment at Saratoga last fall was strongly favored at Lake, and the delegates from Utah did good work for this city. The strong point in this effort is to create a sentiment in favor of this city among the comrades of the Grand Army, so that sentiment will be held next fall with a strong determination in favor of this city. My idea would be to create a press fund and use it vigorously in the heavily populated Grand Army States, New York, Pennsylvania, Ohio, Indiana, Illinois, Massachusetts, Michigan, Missouri and New Jersey, because as those States go, so goes the encampment; and I would recommend sending out a circular letter emanating from the department of the Grand Army of Utah, signed by the department officers, to all individual Grand Army posts in the United States, with an urgent request that they be read in their trip west, scenery, and on to the coast after the encampment, the Seattle exposition, accommodations, etc.

I want to say Seattle will be not for the encampment, and also Kansas City, and some point in New York. The failure of Seattle or Kansas City means their vote for Salt Lake. You can look for a conservative estimate of 25,000 or 30,000 soldiers here, which means 100,000 outsiders during the encampment week, and means a million dollars spent in this city.

The old soldier is a money spender; they pay for their food and just prices in this city can make a place of accommodation, and he benefits the respect of the city and State in the selection of the Grand Army is concerned. It will cost the city and State in the selection of the \$25,000. The old comrades get pension payment in the first part of September. The encampment should be set for the

## PROPHET IS A-GOING TO GIVE US A BAD DOSE

Peculiar Hieroglyphics on the Weather Map Portend Fractional Elements.

A glance at the weather map, with its lurid decoration of isotherms and isobars, leads one to think that Dr. Hyatt possesses a sort of reptilian hatred of man and all his works. The weather map bears a fair representation of a rattlesnake coiled, and ready to spring and sink its venomous fangs into something unbecomingly unbecoming.

Of course, there is nothing alarming about one of these silent isotherms which helps tell the story of the day's weather, but Dr. Hyatt may have unconsciously shaped his lines, thus divulging the innermost thoughts of his mind, perhaps the determination to hand out a weather potion which the city will remember for years to come.

Notwithstanding all this, see what he has to say today. Local forecast for Salt Lake City and vicinity—Fair Wednesday.

Tuesday's record at the local office of the weather bureau for the twenty-four hours ending at 6 p. m. was as follows: Temperature at 6 p. m., 36 degrees; maximum temperature, 38 degrees; minimum temperature, 26 degrees; mean temperature, 32 degrees, which is 2 degrees below normal.

Total excess of temperature since the first of the month, 17 degrees. Accumulated excess of temperature since January 1, 87 degrees. Total precipitation, trace. Total precipitation since first of the month, 1.43 inches, which is .33 of an inch above normal.

Accumulated deficiency since January 1, 29 of an inch. Relative humidity at 6 p. m., 60 per cent.

**BEGIN ACTIVE WORK FOR INDEPENDENT SMELTER**

HELENA, Feb. 18.—After a rather prolonged, yet most interesting and spirited session, the Montana Mining association, held its organization and adjourned to meet here a year hence. The chief business of the gathering was the adoption of a resolution expressing the belief that an independent smelter was built, the industry would be throttled; the association resolved to visit with and lay before the President the situation relative to the Northern Pacific land grant classification, and the election of officers.

The executive committee is now actively at work inaugurating steps for the building of an independent smelter here.

**PASSENGER TRAIN DITCHED, BUT NO ONE IS KILLED**

SPOKANE, Feb. 18.—Burlington train No. 5, westbound, on the Northern Pacific tracks, was ditched today, presumably by a broken rail. Everything but the engine left the tracks. Conductor J. L. Strawn was badly cut and bruised and several passengers received bad bumps, but no bones were broken.

**A House Divided Against Itself**

Civil War in the Stomach Spells Ruin.

Victory Belongs to You, If You Will. Costs Nothing to Try.

The greatest foe to the progress of nations has been internal strife, civil war. Equally so is the greatest enemy of health in the human system civil war between the different parts of the body. This is just what occurs in dyspepsia. War is declared between the stomach and the rest of the members of the body—illness results, inability to digest or assimilate food, heaviness, disinclination to work, and in a word, all the ailments of imperfect digestion. What you need is an ally who will not only help but will absolutely insure you the victory. In other words, let Stuart's Dyspepsia Tablets fight your battle for you, and by doing the work of your stomach, give it a complete rest and allow it to re-enter the lists reinforced, refreshed, and rejuvenated.

A single one of these marvelous tablets will digest 2000 grains of food. Leading physicians all over the world have endorsed Stuart's Dyspepsia Tablets and have certified them free from harmful drugs.

Harmonious, efficacious. No doctor's bills. Only 50c.

## What glasses are to weak eyes, Cascarets are to weak bowels. Old people constantly need them, and the need is a natural one.

You old people—Cascarets are particularly for you. You who don't exercise as much as you used to. You who like the easy chair. You whose steps are slow, and whose muscles are less elastic. You must realize that your bowels have also become less active. They need this gentle help every day.

Don't regard Cascarets as physic. They stimulate the bowels just as some foods will do; just as exercise would do, if you took enough of it. They are not harsh, like salts and cathartics. The help which they give to weak bowels is just as natural and gentle as the spur of youth.

When eyes grow dim, you help them. Do the same with the bowels when age makes them less active. There is nothing more important. Costive bowels mean that decaying food is clogged there. And the ducts of the bowels suck its poisons into the blood. You can't feel well until this is corrected. But do it gently—not with a bowel irritant. And do it regularly—one Cascaret a day.

Coax the weak bowels—don't drive them.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and
